Rating = Longevity

The higher the rating, the longer the app is in use, meaning higher profits for App Trader.

What'll it cost?

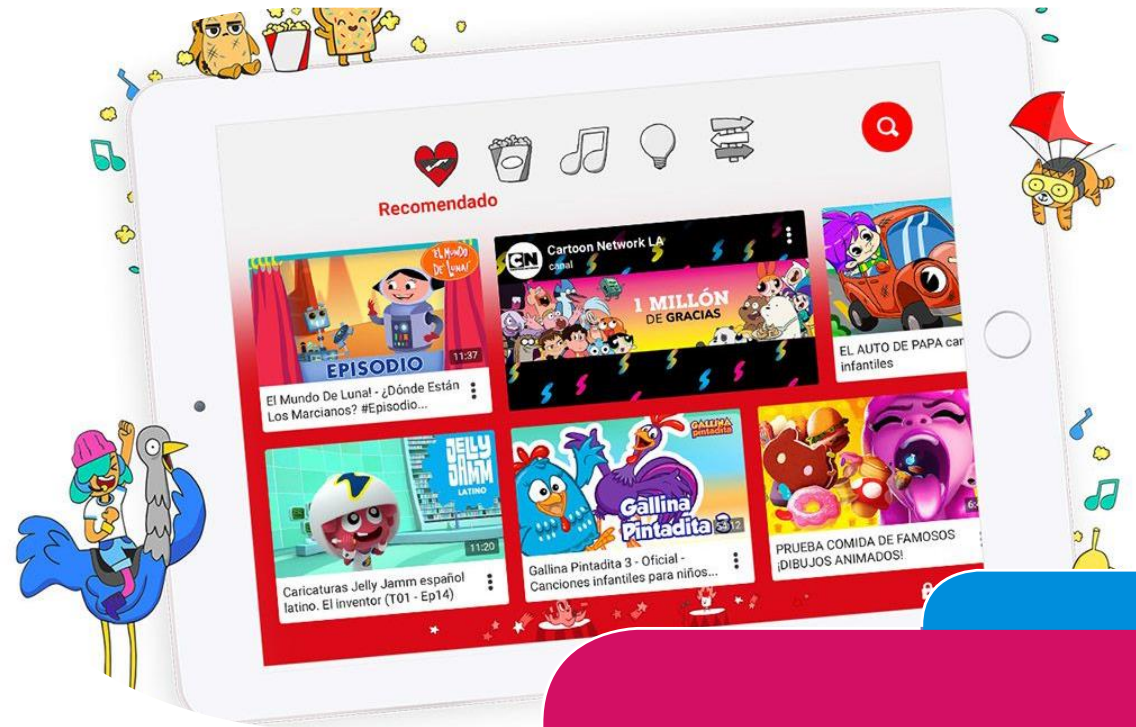

With our top 10 games, App trader will only spend the minimum amount of money required to acquire the rights of an app, while returning the maximum amount of return.

For this reason, all of our games are \$0 for consumers, with many options for in-app purchases.

Profit for Years

Since our games have the highest ratings, they will be profitable for up to 11 years.

Content Rating

The age range for these games ranges from 4 to 12, meaning they are for **EVERYONE!**
